Forecast for Saturday 01 Jul 2023

Weather: A murky start with residual outbreaks of light rain and drizzle clearing east around dawn. The cloud will soon break and lift, leading to sunshine alternating with fair weather cloud. Rather dry although the odd light shower cannot be ruled out, especially in the morning. It'll be a windy day though.

Chance of cloud-free hill tops above 800m: 10% becoming 95% or greater.

Low Cloud and visibility: Very poor at height initially, with cloud as low as 450m, but becoming gradually good or very good, with only temporary reductions in and around any showers. Some generally uninterrupted panoramic views in the afternoon.
